## Algemene informatie

|                 |               |
|-----------------|---------------|
| Materiaalnummer | 35042         |
| EAN/UPC-code    | 9002759350420 |

## Afmetingen

|                                                 |      |
|-------------------------------------------------|------|
| Artikeldiameter (in mm/in)                      | 1320 |
| Artikelhoogte (in mm/in)                        | 405  |
| Hoogte plafond tot onderkant vleugel (in mm/in) | 360  |
| Plafondkap diameter (in mm/in)                  | 130  |

## Fan

|                             |                    |
|-----------------------------|--------------------|
| Motortype                   | AC                 |
| Motor Watt                  | 60                 |
| Kleur van de behuizing      | nikkel-mat         |
| Materiaal van de behuizing  | staal              |
| Vleugelkleur (1)            | rotbraun Holzoptik |
| Vleugelmateriaal            | MDF                |
| Aantal vleugels             | 5                  |
| Geschikt voor hellingen tot | 15                 |

## Performance

3

|                              |       |
|------------------------------|-------|
| Watt/Luchtvolume (1)         | 57,08 |
| Omwentelingen per minuut (1) | 185   |
| Luchtvolume m3/uur (1)       | 8946  |

## Illuminant

|                  |           |
|------------------|-----------|
| Type lichtbron 1 | AGL       |
| Lichtbron 1      | exclusief |
| Type fitting 1   | E14       |
| Watt 1           | 60        |

## Controls

|                      |    |
|----------------------|----|
| optional controllers | No |
|----------------------|----|

## Features

|         |                                    |
|---------|------------------------------------|
| Werking | richting omkeerbaar<br>3 snelheden |
|---------|------------------------------------|
