

## General Information

|                   |              |
|-------------------|--------------|
| Materiāla numurs  | 48505        |
| Type              | solārā lampa |
| Produktu segments | Ārā          |
| temats            | Solārā       |

## Dimensions

|                               |      |
|-------------------------------|------|
| Izstrādājuma augstums (mm/in) | 110  |
| Izstrādājuma platums (mm/in)  | 105  |
| Izstrādājuma garums (mm/in)   | 135  |
| Neto svars (kg)               | 1,06 |

## Material & Colour

|                   |           |
|-------------------|-----------|
| Korpusa materiāls | plastmasa |
| Korpusa krāsa     | pelēks    |

## Functionality

|                  |             |
|------------------|-------------|
| Slēdža tips      | iesl./izsl. |
| Funkcija         |             |
| Akumulators      | Jā          |
| Akumulatora tips |             |

## Technical Information

|                    |            |
|--------------------|------------|
| Aizsardzības klase | 3          |
| Tīkla spriegums    | ohne       |
| Darba spriegums    | 1,2V       |
| maks. jauda (1)    | 3X 4X0,06W |

## Illuminant 1

|                         |            |
|-------------------------|------------|
| Ietveres tips (1)       | SOLAR-LED  |
| Gaismas avota tips (1)  | LED        |
| Gaismas avots iesk. (1) | Iekļautas  |
| Light colour Complete   | WARM WHITE |

|                                                                                                           |                                                                                                          |                                                                                                           |                                                                                                     |                                                                                         |                                                                                   |
