

## General Information

|                    |                       |
|--------------------|-----------------------|
| Materiāla numurs   | 900457                |
| Type               | galda gaismeklis      |
| Produktu segments  | Ārā                   |
| temats             | cits / nav piešķirams |
| Energoefektivitāte |                       |

## Dimensions

|                               |      |
|-------------------------------|------|
| Izstrādājuma augstums (mm/in) | 340  |
| Izstrādājuma diametrs (mm/in) | 110  |
| Neto svars (kg)               | 0,88 |
| Pamatnes diametrs (mm/in)     | 110  |

## Material & Colour

|                          |                    |
|--------------------------|--------------------|
| Korpusa materiāls        | alumīnijs, tērauds |
| Korpusa krāsa            | melns              |
| Stikla/Abažūra materiāls | plastmasa          |
| Stikla/Abažūra krāsa     | balts              |

## Functionality

|                  |                    |
|------------------|--------------------|
| Slēdža tips      | skāriengaismmainis |
| Funkcija         |                    |
| Akumulators      | Jā                 |
| Akumulatora tips |                    |

## Technical Information

|                     |      |
|---------------------|------|
| Aizsardzības pakāpe | IP54 |
| Aizsardzības klase  | 3    |
| Tīkla spriegums     | ohne |
| Darba spriegums     | 3,7V |
| Dimmable            |      |
| maks. jauda (1)     | 2,2W |

## Illuminant 1

|                                        |                                             |
|----------------------------------------|---------------------------------------------|
| Ietveres tips (1)                      | LED                                         |
| Gaismas avota tips (1)                 | LED                                         |
| Gaismas avots iesk. (1)                | Iekļautas                                   |
| Lumen Complete                         | 200                                         |
| Kelvin Complete                        |                                             |
| Light colour Complete                  | WARM WHITE                                  |
| Energoefektivitāte                     |                                             |
| Dimmable                               |                                             |
| Info changeability□light source/driver | LED cannot be exchanged, no driver included |

|                                                                                    |                                                                                     |                                                                                     |                                                                                     |                                                                                     |                                                                                     |                                                                                     |
