

## General Information

|                    |                        |
|--------------------|------------------------|
| Materiāla numurs   | 900577                 |
| Type               | bāra/lentes gaismeklis |
| Produktu segments  | lekštelpu              |
| temats             | cits / nav piešķirams  |
| Energoefektivitāte |                        |

## Dimensions

|                             |      |
|-----------------------------|------|
| Izstrādājuma garums (mm/in) | 2000 |
| Neto svars (kg)             | 0,17 |

## Material & Colour

|                   |           |
|-------------------|-----------|
| Korpusa materiāls | plastmasa |
| Korpusa krāsa     | balts     |
| Cable Colour      | balts     |

## Functionality

|                  |            |
|------------------|------------|
| Slēdža tips      | bez slēdža |
| Funkcija         |            |
| Akumulators      | Jā         |
| Akumulatora tips |            |

## Technical Information

|                     |                  |
|---------------------|------------------|
| Aizsardzības pakāpe | IP20             |
| Aizsardzības klase  | 2                |
| Tīkla spriegums     | 220-240V,50/60Hz |
| Darba spriegums     | 24V              |
| Dimmable            |                  |
| maks. jauda (1)     | 13,2W            |

## Illuminant 1

|                                        |                                                           |
|----------------------------------------|-----------------------------------------------------------|
| Ietveres tips (1)                      | LED                                                       |
| Gaismas avota tips (1)                 | LED                                                       |
| Gaismas avots iesk. (1)                | Iekļautas                                                 |
| Lumen Complete                         | 1320                                                      |
| Kelvin Complete                        |                                                           |
| Light colour Complete                  | TUNEABLE WHITE                                            |
| Energoefektivitāte                     |                                                           |
| Dimmable                               |                                                           |
| Info changeability□light source/driver | Driver exchangeable by customers, LED cannot be exchanged |

13,2W    1320lm
